

CCTV Policy and Procedures

1. INTRODUCTION

1.1 The purpose of this Policy is to regulate the management, operation and use of the Closed Circuit Television (CCTV) system at Lucy Cavendish College. Cameras are used to monitor activities within College buildings, on its sites, its car parks and other public areas to identify criminal activity actually occurring, anticipated, or perceived, and for the purpose of securing the safety and wellbeing of the College, together with its Fellows, staff, students and visitors.

1.2 CCTV monitoring and recording systems will only be installed in or on College property when this has been reviewed and approved by the Bursar.

1.3 The system comprises a number of fixed and fully functional (Pan/Tilt/Zoom) cameras located in buildings and externally around the College's courts and associated satellite site at 100 Histon Road. These are monitored by appropriate personnel.

1.4 The College's use of CCTV complies with the requirements of the Data Protection Act 1998, the Protection of Freedoms Act 2012, the information Commissioner's Office Code of Practice 2008, the Home Office Surveillance Camera Code of Practice 2013 and, where applicable, the Regulation of Investigatory Powers Act 2000.

1.5 The CCTV system is owned by the College.

1.6 Independently installed and operated CCTV systems by staff/students will not be permitted on any College property and where found actions will be taken to close these systems down.

2. OBJECTIVES OF THE CCTV SYSTEM

2.1 The objectives are to:

- (a) Protect College property and monitor security of College sites.
- (b) Ensure a safer environment within the College for students, staff and all visitors.
- (c) Support the Police in a bid to deter and detect crime, by providing evidence in support of an enquiry or prosecution.

3. OPERATION OF THE CCTV SYSTEM

3.1 Management of the system

3.1.1 The CCTV operating system will be administered and managed by the Senior Porter in accordance with the principles and objectives expressed in the College policy document.

3.1.2 The day-to-day management will be the responsibility of both the Senior Porters during the working week and by the 'on call' duty Porter outside normal hours and at weekends.

3.1.3 All cameras are monitored by the duty Porter in the Porters' Lodge

3.1.4 The CCTV system will be operated 24 hours a day, 365 days of the year.

3.1.5 If out-of-hours emergency maintenance is required, the duty Porter must contact Chubb Fire & Security Ltd.

3.1.6 Emergency procedures will be used when it becomes necessary to call the Emergency Services.

3.1.7 Warning signs, as required by the Code of Practice of the Information Commissioner, will be placed at all access routes to areas covered by the College's CCTV cameras.

3.1.8 Liaison meetings may be held with all bodies involved in the support of the system.

3.2. System control - Monitoring procedures:

On a daily basis a member of the Porters' Lodge, will check and confirm that;

- the cameras are functional
- the equipment is properly recording

3.2.2 Access to the CCTV System will be strictly limited to Chubb engineers, the Senior/Duty Porters and specific authorised persons as agreed by the Bursar. Unauthorised persons are not permitted to view live or pre-recorded footage.

3.2.3 The Porters' Lodges will only be staffed by Departmental staff who are trained in the system's use and are familiar with the policy.

3.2.4 There must always be at least one member of Chubb or a Senior/Duty Porter present to actively monitor the system or the Porters' Lodge must be locked.

3.2.5 Unless an immediate response to events is required, Porters must not re-direct cameras at an individual, their property or a specific group of individuals, without an authorisation being obtained from the Bursar for Directed Surveillance to take place, as set out in the Regulation of Investigatory Power Act 2000.

If covert surveillance is planned or has taken place, copies of the written authorisation, including any review or cancellation, must be returned to the Bursar or nominated deputy.

Materials or knowledge secured as a result of CCTV will not be used for any commercial purpose.

Recording is carried out on digital data apparatus. These are located within the Porters' lodge & the IT rooms in the College Library and 100 Histon Road.

Recorded data will only be released to the media for use in the investigation of a specific crime and with the written authority of the police. Recorded data will never be released to the media for purposes of entertainment.

3.3 Exemptions:

3.3.1 The CCTV system is designed to ensure maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

4. DIGITAL RECORDING AND RETENTION PROCEDURES

4.1 Retention:

Footage will be stored on data recorder hard drives for up to 30 days before deletion.

Footage will only be stored on data disks if it is requested by external agencies in the process of detecting crime and in the prosecution of offenders (see 4.2 below).

4.1.1 In order to maintain and preserve the integrity of the Digital Video Recorder (DVR), hard disks used to record events from the CCTV cameras and the facility to use them in any future proceedings, the following procedures for their use and retention of data must be strictly adhered to:

4.1.2 Each DVR will be identified by a unique mark or serial number. This is maintained by the Senior Porter.

4.1.3 Each DVR will be kept in a secure location with access restricted to authorised staff.

A disk required for evidential purposes will be of the CD-R type only, disks will be provided in pairs each carrying an identical identification number, one a Master Disk to be retained by the College, the other a Copy which can be released to the police or other authorised third party on production of a signed data access request form.

The disk will be loaded with the required CCTV data and viewer programme; identical information should be loaded on both Master and Copy disks.

Each disk should be sealed in its own case, the Master Copy will be kept in a secure disk storage drawer. The Copy disk is handed to the person making the request on production of positive ID such as Police Warrant Card, Picture ID Card, Driving Licence, etc.

The record sheet will then be completed and the Copy disk signed for and counter signed by the Duty Porter

4.2 Dealing with official requests: use of CCTV in relation to criminal investigations:

4.2.1 CCTV recorded images may be viewed by the Police for the prevention and detection of crime, authorised officers of Lucy Cavendish College for supervisory purposes, discipline reasons or authorised demonstration and training.

4.2.2 A record will be maintained of the release of Data on Disk to the Police or other authorised applicants. A register will be available for this purpose.

4.2.3 Viewing of CCTV images by the Police must be recorded in writing and entered in the log book. This will be under the management of the Senior Porter. Requests by the Police can only be actioned under section 29 of the Data Protection Act 1998.

4.2.4 Should a disk be required as evidence, a copy may be released to the Police under the procedures described in paragraph 4.1.4 of this Code. Disks will only be released to the Police on the clear understanding that the disk remains the property of the College, and both the disk and information contained on it are to be treated in accordance with this policy.

4.2.5 The College retains the right to refuse permission for the Police to pass to any other person the disk or any part of the information contained therein.

4.2.6 The Police may require the College to retain the stored disk(s) for possible use as evidence in the future. Such disk(s) will be properly indexed and securely stored under the management of the Senior Porter until they are needed by the Police. Data disks will be disposed of by a secure method once the purpose for which they were created is no longer required.

4.2.7 Applications received from outside bodies (e.g. solicitors) to view or release disks will be referred to the Bursar. In these circumstances disks will normally be released where satisfactory documentary evidence is produced showing that they are required for legal proceedings, or in response to a Court Order. A fee can be charged in such circumstances.

5. BREACHES OF THE POLICY (INCLUDING BREACHES OF SECURITY)

5.1 Any breach of the Policy by, Porters or other authorised staff will be initially investigated by the Senior Porter or his nominated deputy, in order for him/her to initiate the appropriate disciplinary action.

5.2 Any serious breach of the policy will be immediately investigated and an independent investigation carried out to make recommendations on how to remedy the breach.

6. ASSESSMENT OF THE SCHEME

6.1 Performance monitoring, including random operating checks, may be carried out by the Senior Porter or his/her nominated deputy.

7. COMPLAINTS

7.1 Any complaints about the College's CCTV system should be addressed to the Registrar dataprotection@lucy.cam.ac.uk

7.2 Complaints will be investigated in accordance with Section 5 of this policy.

8. SUBJECT ACCESS REQUESTS

8.1 The Data Protection Act provides Data Subjects (individuals to whom "personal data" relate) with a right to access data held about themselves, including images obtained by CCTV.

8.2 Requests should be submitted in writing to the

College Data Protection Officer

Lucy Cavendish College,

Lady Margaret Road
